Self-motivated and enthusiastic individual with the ability to achieve successful results before deadlines.

EDUCATION

B. TECH, Mechanical Engineering

- Batch 2019 -23

The LNM Institute of Information and Technology Jaipur .

WORK EXPERIENCE

Lead Full-Stack Development Intern at Arxena, Inc. -May '24 -present

- **Handled entire frontend** and major backend functionalities .
- Upgraded complex MVC software architecture with new features using more than 30 reusable react components and core react concepts like Hooks, Routers, etc .
- **Implemented GraphQL** to optimize data querying processes with other APIs as well for fast data transfer with frontend
- **Technology Stack:**
NodeJS, ReactJS, NestJS, NextJS, Typescript, Express, MongoDB, APIs, Tailwind CSS, Postman, GraphQL, Git, etc
- Implemented error handling, creating RESTful APIs, deployment, documentation, team management, debugging, etc.

Lead UI UX Design and Development Intern. At Arxena, Inc -Feb '24

- Upgraded UI/UX design for Arxena's recruitment ATS and CRM platform.
- **Utilized Design software Figma to design the platform's chatbot functionality**
- Conducted User research and collaborated with stakeholders to build a robust chatbot functionality by mapping all the necessary metrics into it and creating prototypes to mark designs as development-ready
- Developed the front end for the designs using React and its concepts

Lead UI UX Design and Development Intern. -March '23 -June '23

At Arxena, Inc

- Led UI/UX design for Arxena's recruitment ATS and CRM platform
- Utilized Design software Figma to create and upgrade the designs
- **Created wireframes, designed over 100 components, and** crafted the product landing page.
- Carried out user testing by creating prototypes using the components to ensure proper UX.
- Actively participated in front-end development, collaborating with stakeholders and the development team.
